

# New Zealand Hospital Pharmacists Association

## Strategic priorities for 2014 -19

### **Making sure our voice is heard**

Increase political influence with recognition as equal partners with other pharmacy organisations

- Key strategic partnerships
- Networking
- Position statements

### **Support development of a workforce who are fit for the purpose required by the health service**

- Development and implementation of a national career structure for all hospital pharmacy staff
- Extended roles for technicians
- Credentialing for general and advanced level practice for pharmacists and extended roles for technicians
- Work with education providers to ensure Level 6 content supports hospital pharmacy technician role development
- Leadership development

### **Support integrated patient centered pharmacy practice**

- Work in partnership with strategic partners, colleagues and employers in primary care
- Enable workforce to interact confidently with patients and other health care professionals
- Structured formalized development for first two years post registration
- Development of advanced and specialist practice
- Integration of practice, postgraduate education and credentialing with career progression
- Development of resources e.g. clinical standards, MI workbook
- Recognize health disparities for MPI patients and incorporate advocacy within our activities

### **Develop evidence for practice**

Develop research programme and links

- Auckland
- Otago
- Massey
- Other tertiary institutions as appropriate

### **Explore and develop revenue streams**

- NOIDS - create sustainable, economically viable electronic format
- education events - develop MICP event model for other events (basic and master class concept)
- Antidote database

### **Utilise technology to support association activities and member engagement**

- Redevelop website to be fit for purpose
- Alternative means of providing nationwide training and business meetings

### **Ensure association infrastructure supports required activities**

- Develop secretariat support model required to support activities to continue to enable professional but personalised support to members
