

Max Health Pharmacy Grant 2019

Essential Products, Smart Solutions

Max Health distribute a variety of pharmaceutical products, including medicines often difficult to access within New Zealand, for a number of international partners and pride themselves in providing the type of service that keeps their customers coming back. Each of their products meets a recognised need in its particular segment. Max Health is a small company, with many years of pharma experience between the directors. Established in 2009, Max Health has grown steadily since.

Max Health Ltd is pleased to commit to the NZHPA Grants and Awards Programme a total sum of \$2,000.

This grant is designed to offer support for a wide range of research and professional development activities that demonstrate values that are consistent with those that Max Health espouses:

- Innovation in Pharmacy practice
- Problem solving
- Exceeding customer expectations

Professional development activities can include, but are not limited to: research projects, national or international study tours, preceptorships, international and local travel to relevant conferences.
